

# 5 Lots project

# New Low Density Housing

scout regalia

Urban housing projects are more design-intensive and closely parsed by the public than ever before.

The numerous design challenges that must be addressed **demand the participation of highly experienced design professionals** who thoroughly understand urban housing and are committed to both the success of their clients and the betterment of the community.

## Variations

- Patrick Winters, AIA  
Designing Density in Today's Urban Environments

Greg Tamborino/ Adaptable House

## New Affordable Designs

Petya Petrova and Georgi Todorov/ The Urban Cabin

Joel Huffman/ The Green Flex
